

The background of the image features two wooden bicycle fenders. They are dark brown with two parallel white stripes running diagonally from the top left towards the bottom right. A small metal bracket is visible on the left fender.

MADE IN GERMANY

WOODIE

HANDCRAFTED BICYCLE FENDERS

A photograph of a bicycle with a fender parked on a wooden dock. The bicycle is positioned in the foreground, with its front wheel and fender clearly visible. The dock is made of wooden planks. In the background, there is a body of water and a boat. The scene is captured in a warm, golden light, suggesting late afternoon or early morning. The text is overlaid on a semi-transparent dark rectangle in the lower-left portion of the image.

**YOU KNOW THOSE OLD CLASSIC ITALIAN
SPEEDBOATS, THE RIVA AQUARAMA?
THAT'S WHAT THE FENDERS SMELL LIKE.**

WOODIE® handcrafted fenders are made to give your bicycle its own individual touch.

The combination of natural materials, such as wood in many design variants, stainless steel components, also the puristic design make our mudguards unique and give your bicycle that stylish look you are looking for.

WOODIE® mudguards can fit any type of bicycle. Just figure out your favorite fenders. Choose type, width, length, colors and stripes and we build them for you - Choose from over 1000 design possibilities!

ANNEX

Fixation: Full fenders (long version)

included parts:

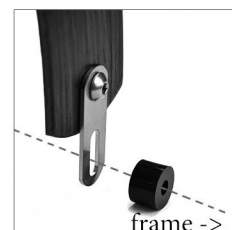

- 3x stainless steel stays (nr. 1)
 - 3x M5x10 eyelet bolts (nr. 1)
 - 6x M5x12 eyelet bolts (nr. 2)
 - 1x stainless steel mounting adapter (nr. 3)
 - 1x stainless steel mounting bracket (nr. 4)
 - 1x chrome-plated bracket screw with sleeve (nr. 4)
 - 1x stainless steel extension adapter (nr. 5)*
 - 1x stainless steel M5x10 screw for extension adapter (nr. 5)
 - 3x super slim stainless steel M5 safety nut (nr. 1)
 - 7x stainless steel M5 safety nut (nr. 2, nr. 5)
 - 13x stainless steel M5 washer (nr. 1, nr. 2, nr. 5)
 - 1x spacer for optimum positioning of the rear fender (nr. 5)
 - 1x protective tube
- (Please place a small piece of the tube onto the stay ends!)

FIXATION: FULL FENDERS LONG VERSION

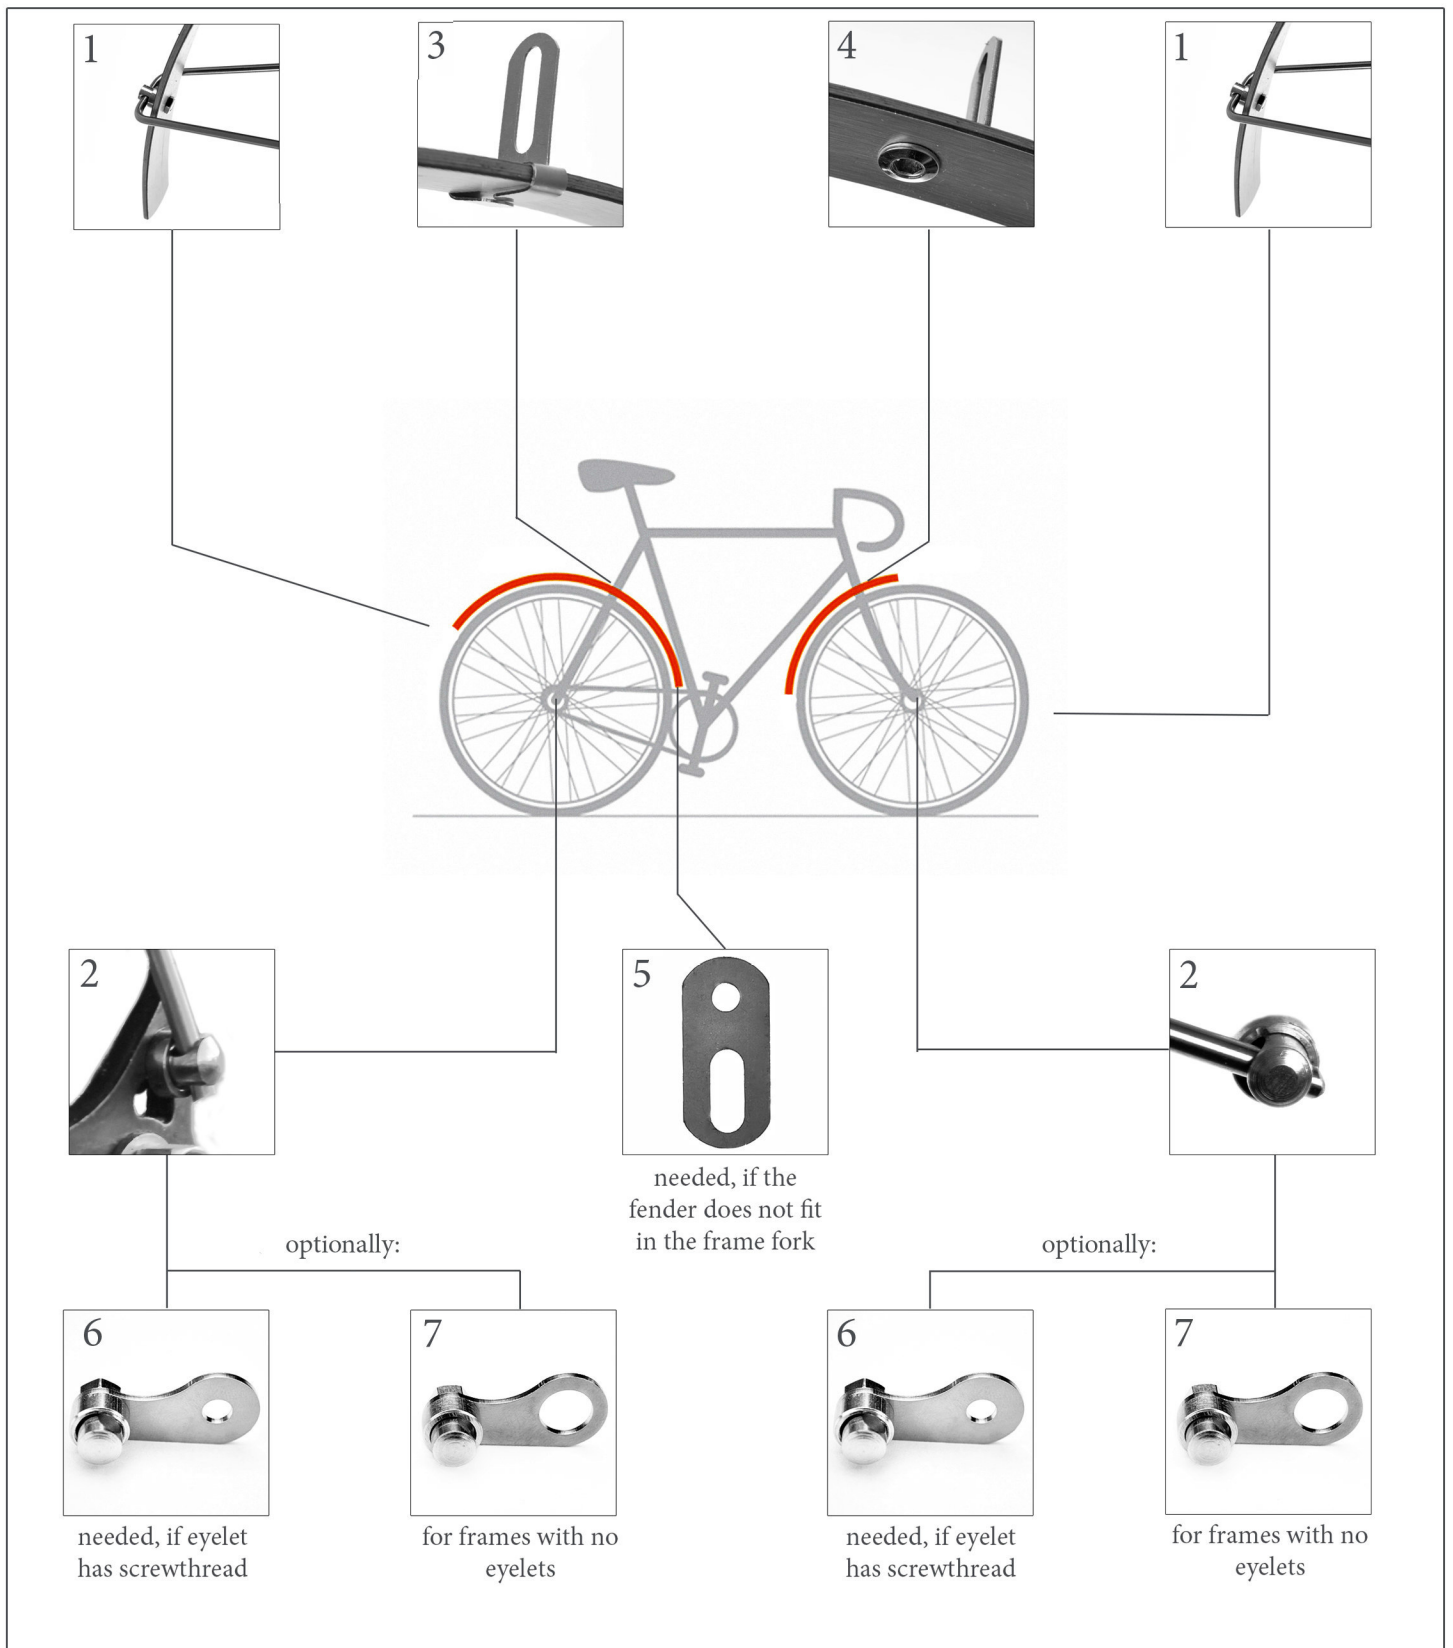

Solutions (nr.) 6 (7) - 8 (9) are included!
Please tell us, if your bike has eyelets or not!

If you wish high-end parts only (e.g. chrome plated or stainless steel eyelet bolts, leather washer etc. cp. page 18) please contact us!

*Use the extension adapter (nr. 5), if the rear fender does not fit the frame fork!

Fixation: Full fenders (short version)

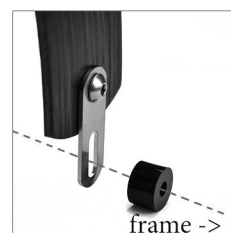

included parts:

- 2x stainless steel stays (nr. 1)
 - 2x M5x10 eyelet bolts (nr. 1)
 - 4x M5x12 eyelet bolts (nr. 2)
 - 1x stainless steel mounting adapter (nr. 3)
 - 1x stainless steel mounting bracket (nr. 4)
 - 1x chrome-plated bracket screw with sleeve (nr. 4)
 - 1x stainless steel extension adapter (nr. 5)*
 - 1x stainless steel M5x10 screw for extension adapter (nr. 5)
 - 2x super slim stainless steel M5 safety nut (nr. 1)
 - 5x stainless steel M5 safety nut (nr. 2, nr. 5)
 - 9x stainless steel M5 washer (nr. 1, nr. 2, nr. 5)
 - 1x spacer for optimum positioning of the rear fender (nr. 5)
 - 1x protective tube
- (Please place a small piece of the tube onto the stay ends!)

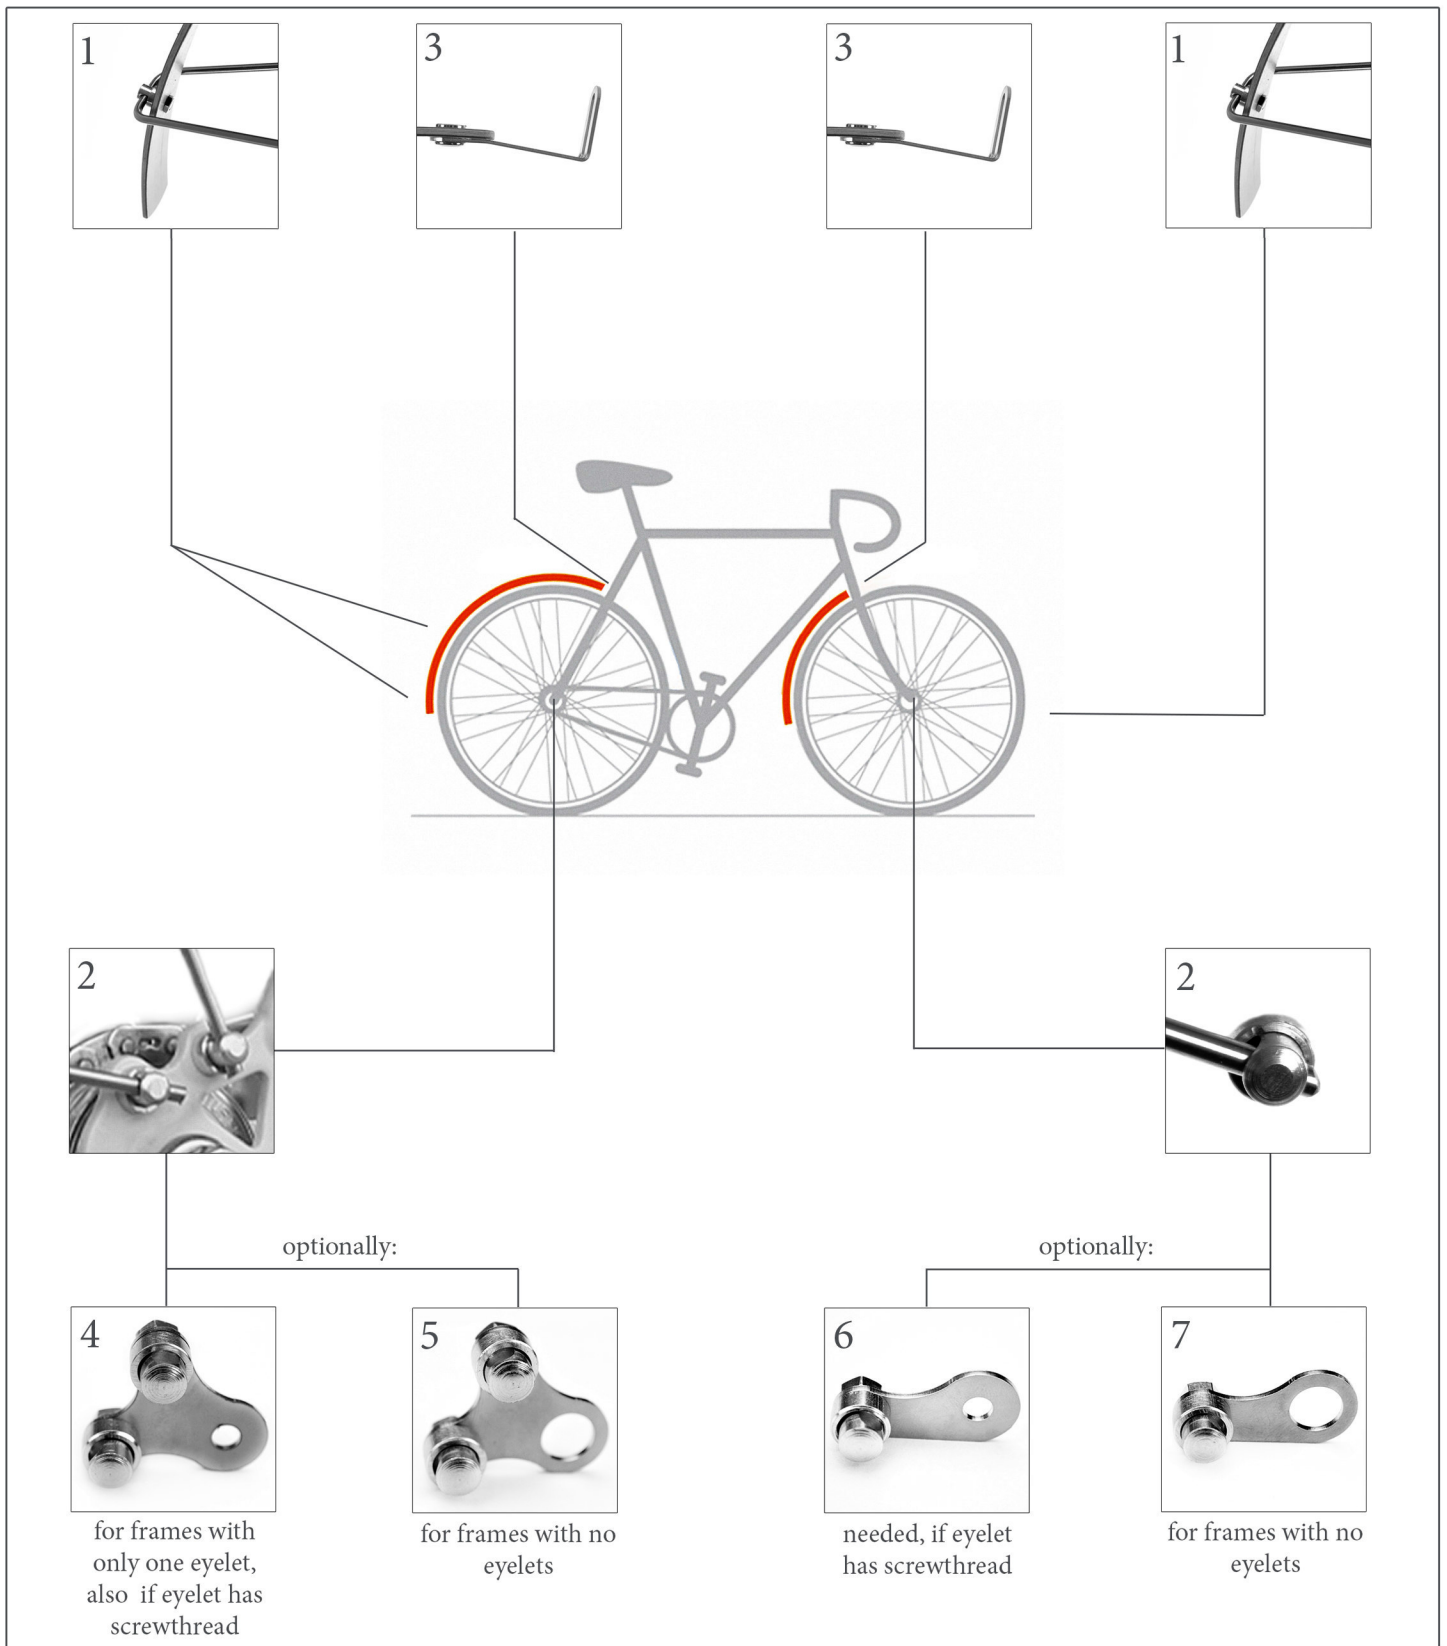

FIXATION: FULL FENDERS SHORT VERSION

Solutions (nr.) 6 (7) are included!
also available with high-end parts (cp. page 18)

*Use the extension adapter (nr. 5), if the rear fender does not fit the frame fork!

Fixation: Half fenders (long version)

included parts:

3x stainless steel stays (nr. 1)

3x M5x10 eyelet bolts (nr. 1)

6x M5x12 eyelet bolts (nr. 2)

2x stainless steel mounting bracket (nr. 3)*

2x chrome-plated bracket screw with sleeve (nr. 3)

3x super slim stainless steel M5 safety nut (nr. 1)

6x stainless steel M5 safety nut (nr. 2)

12x stainless steel M5 washer (nr. 1, nr. 2)

1x protective tube

(Please place a small piece of the tube onto the stay ends!)

FIXATION: HALF FENDERS LONG VERSION

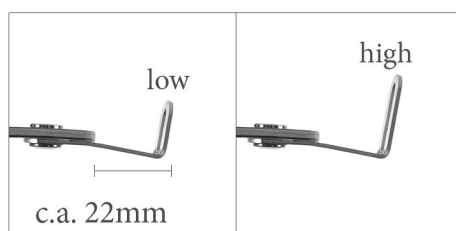

Solutions (nr.) 4 (5) - 6 (7) are included!

Please tell us, if your bike has eyelets or not!

also available with high-end parts (cp. page 18)

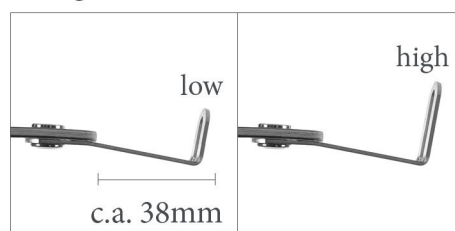

*available bracket (nr. 3) sizes:

short (no brakes)

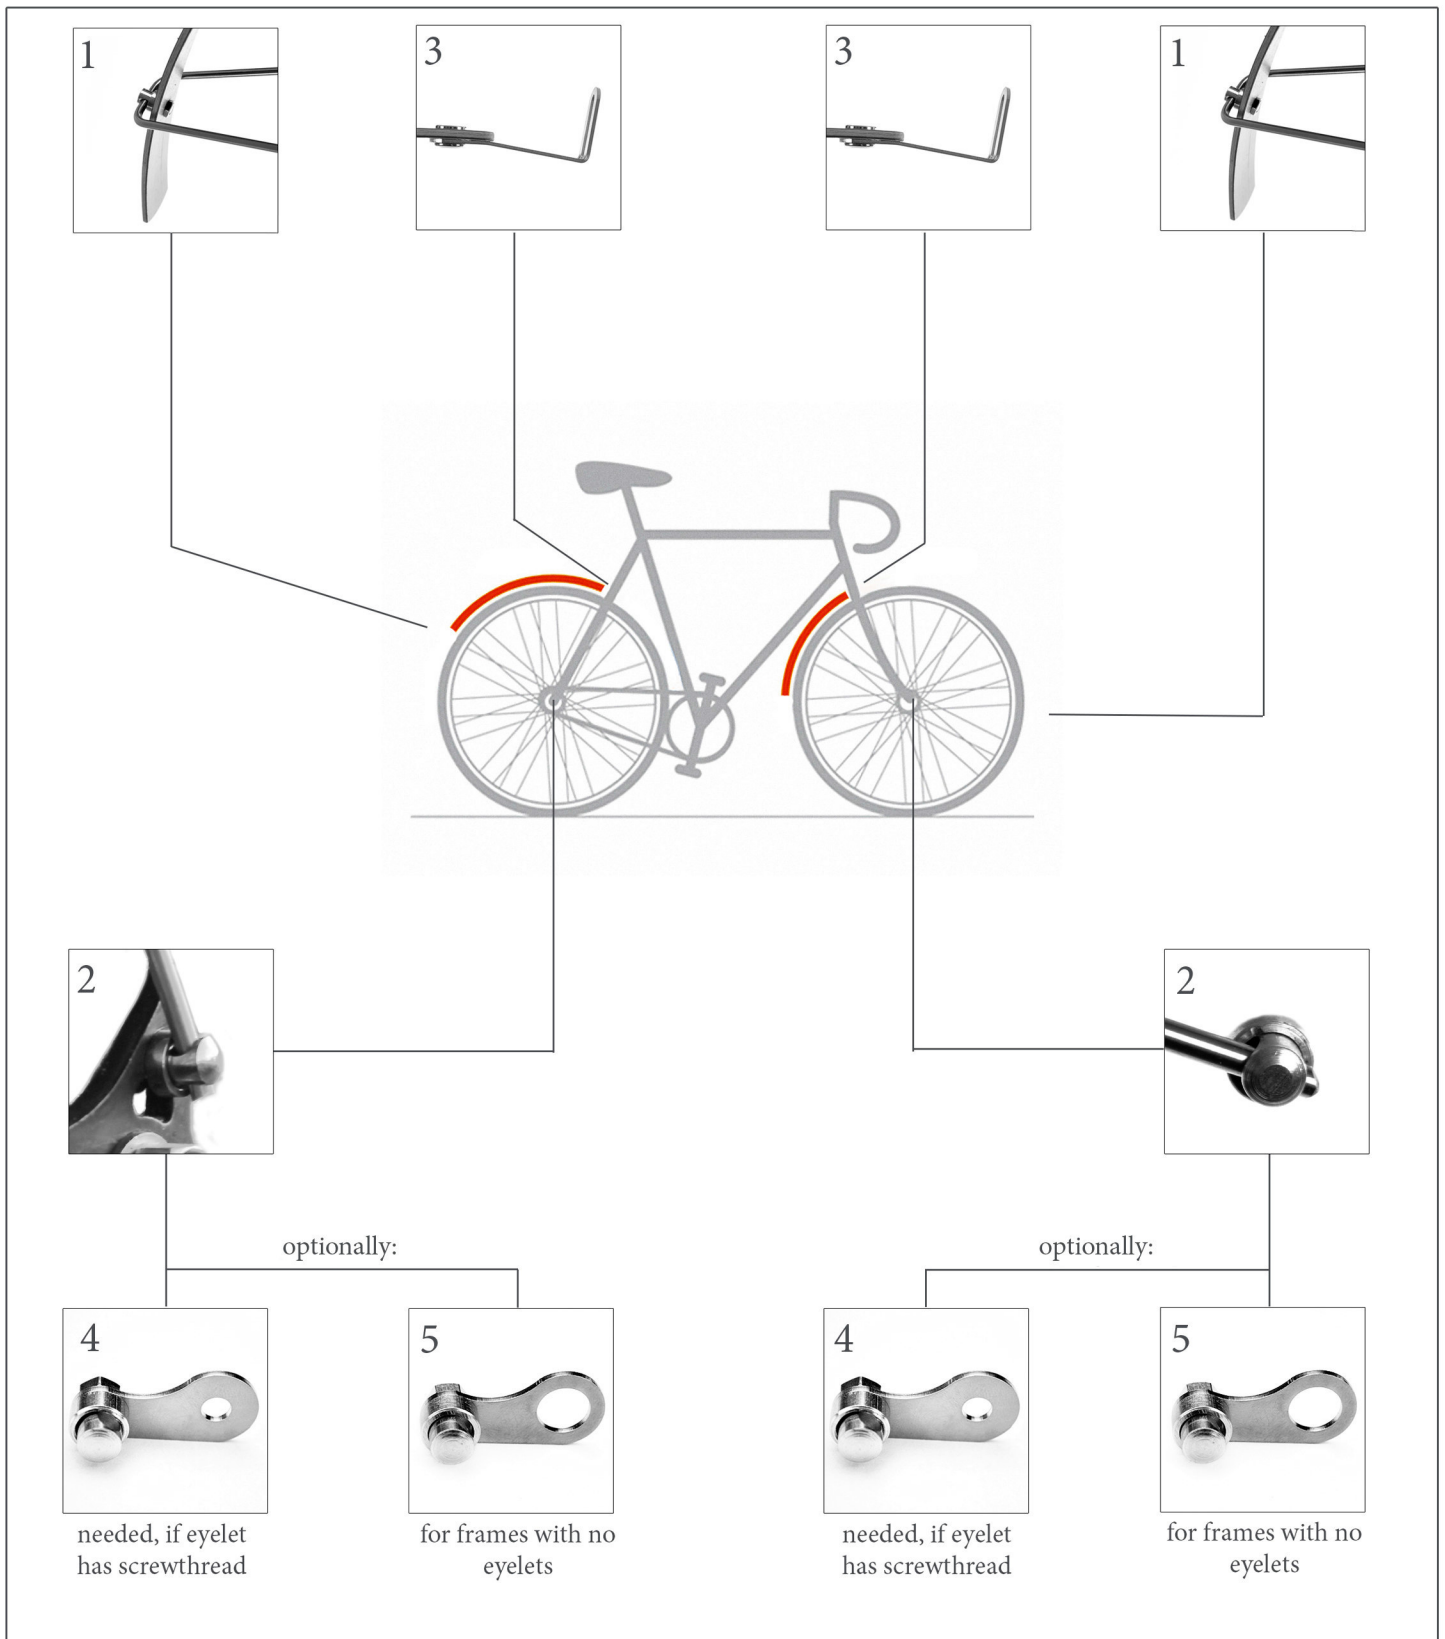

low = ca. 22mm
high = ca. 30mm

long (under-brakes-attachment)

Fixation: Half fenders (short version)

included parts:

2x stainless steel stays (nr. 1)

2x M5x10 eyelet bolts (nr. 1)

4x M5x12 eyelet bolts (nr. 2)

2x stainless steel mounting bracket (nr. 3)

2x chrome-plated bracket screw with sleeve (nr. 3)

2x super slim stainless steel M5 safety nut (nr. 1)

4x stainless steel M5 safety nut (nr. 2)

8x stainless steel M5 washer (nr. 1, nr. 2)

1x protective tube

(Please place a small piece of the tube onto the stay ends!)

FIXATION: HALF FENDERS SHORT VERSION

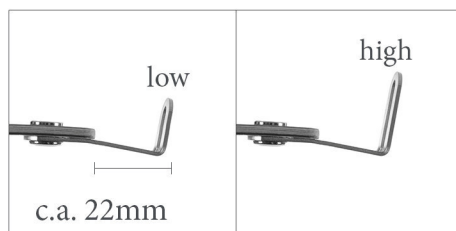

Solutions (nr.) 4 (5) are included!

Please tell us, if your bike has eyelets or not!

also available with high-end parts (cp. page 18)

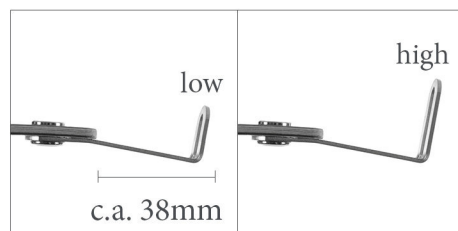

*available bracket (nr. 3) sizes:

short (no brakes)

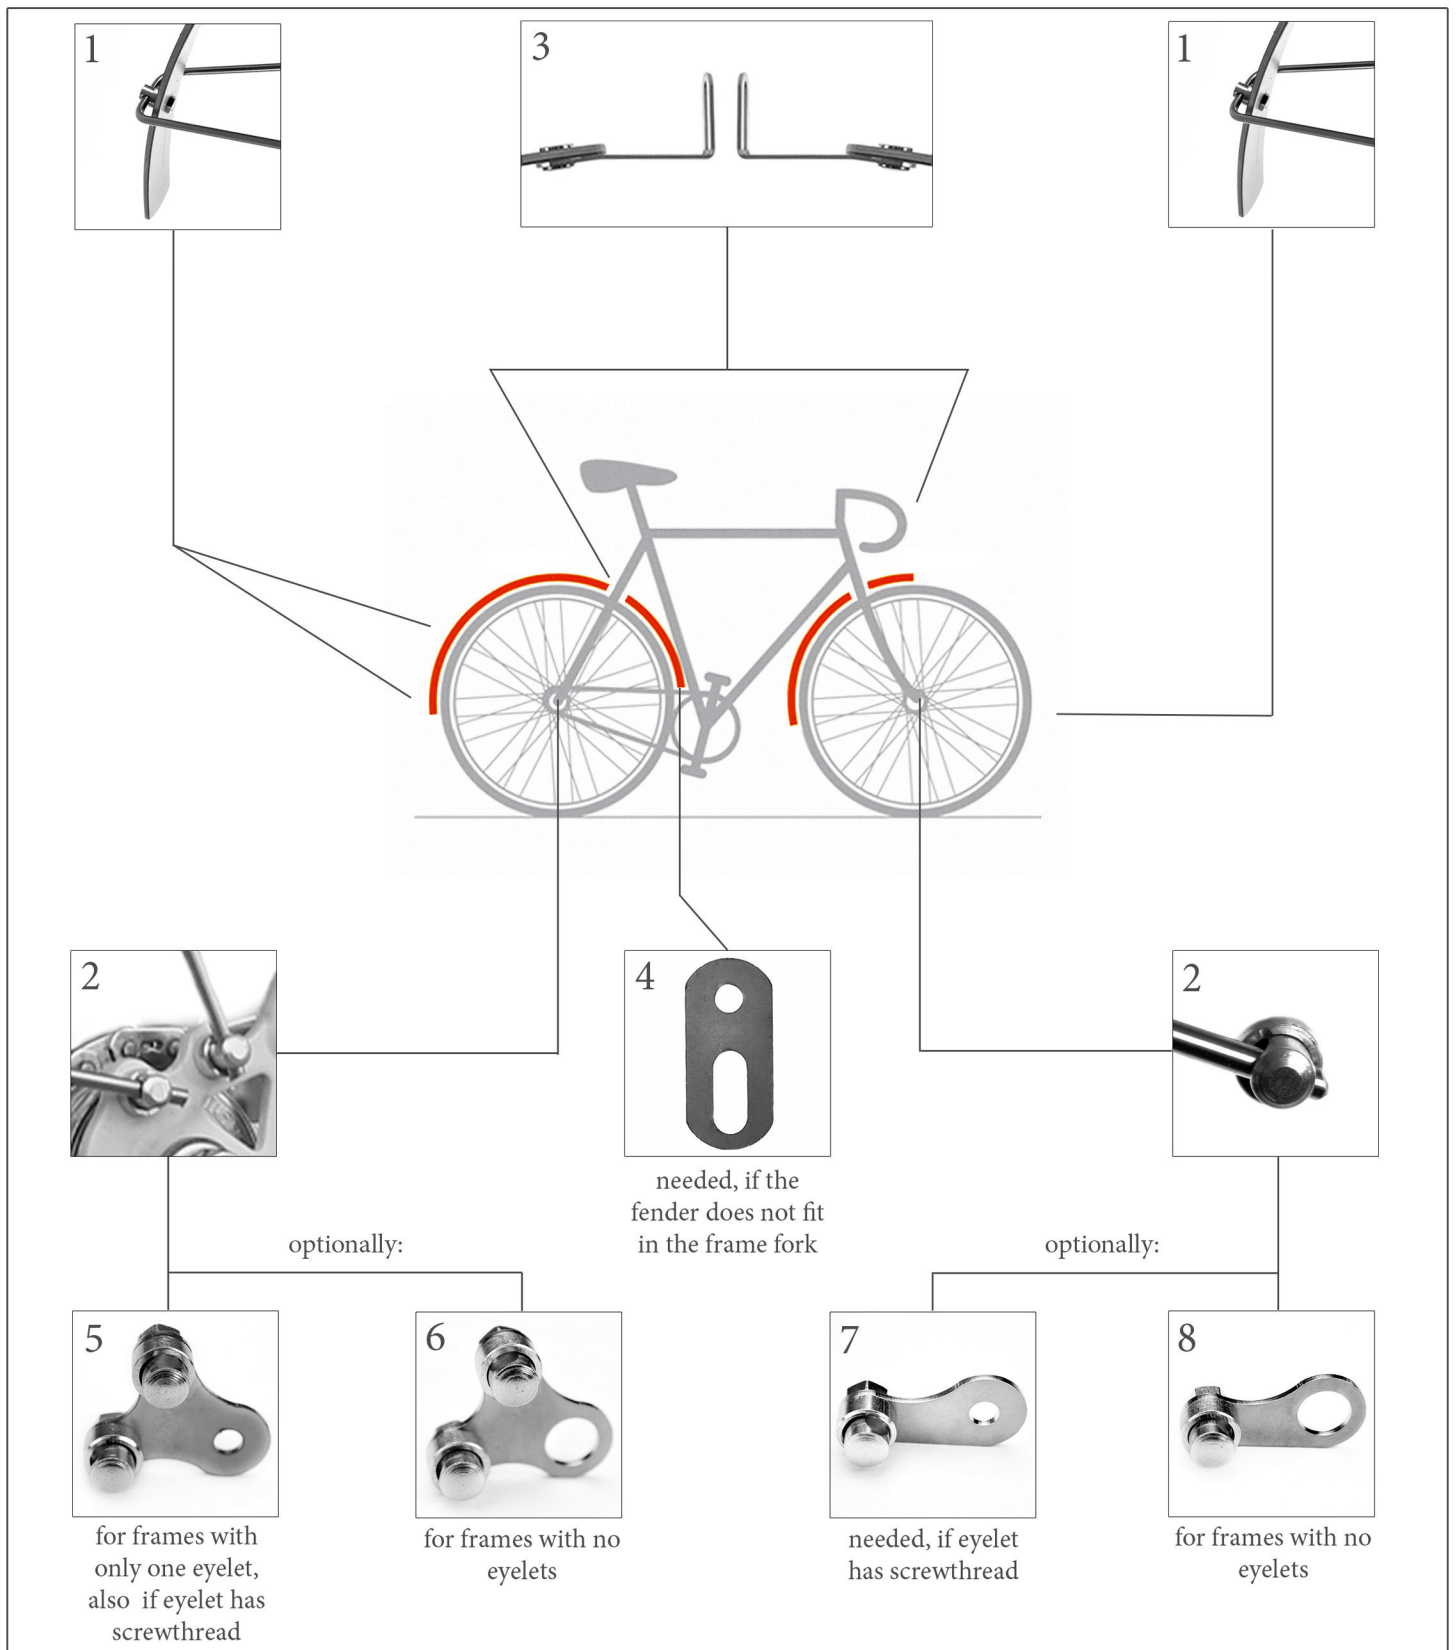

low = ca. 22mm
high = ca. 30mm

long (under-brakes-attachment)

Fixation: Under-Brake-Attachment (long version)

included parts:

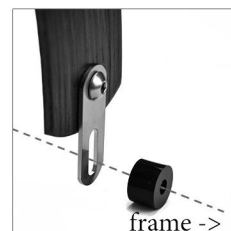

3x stainless steel stays (nr. 1)
3x M5x10 eyelet bolts (nr. 1)
6x M5x12 eyelet bolts (nr. 2)
4x stainless steel under-brake-attachment bracket (nr. 3)
4x chrome-plated bracket screw with sleeve (nr. 3)
1x stainless steel extension adapter (nr. 4)*
1x stainless steel M5x10 screw for extension adapter (nr. 4)
3x super slim stainless steel M5 safety nut (nr. 1)
7 x stainless steel M5 safety nut (nr. 2)
12x stainless steel M5 washer (nr. 1, nr. 2)
1x protective tube
(Please place a small piece of the tube onto the stay ends!)

FIXATION: UNDER-BRAKE-ATTACHMENT LONG VERSION

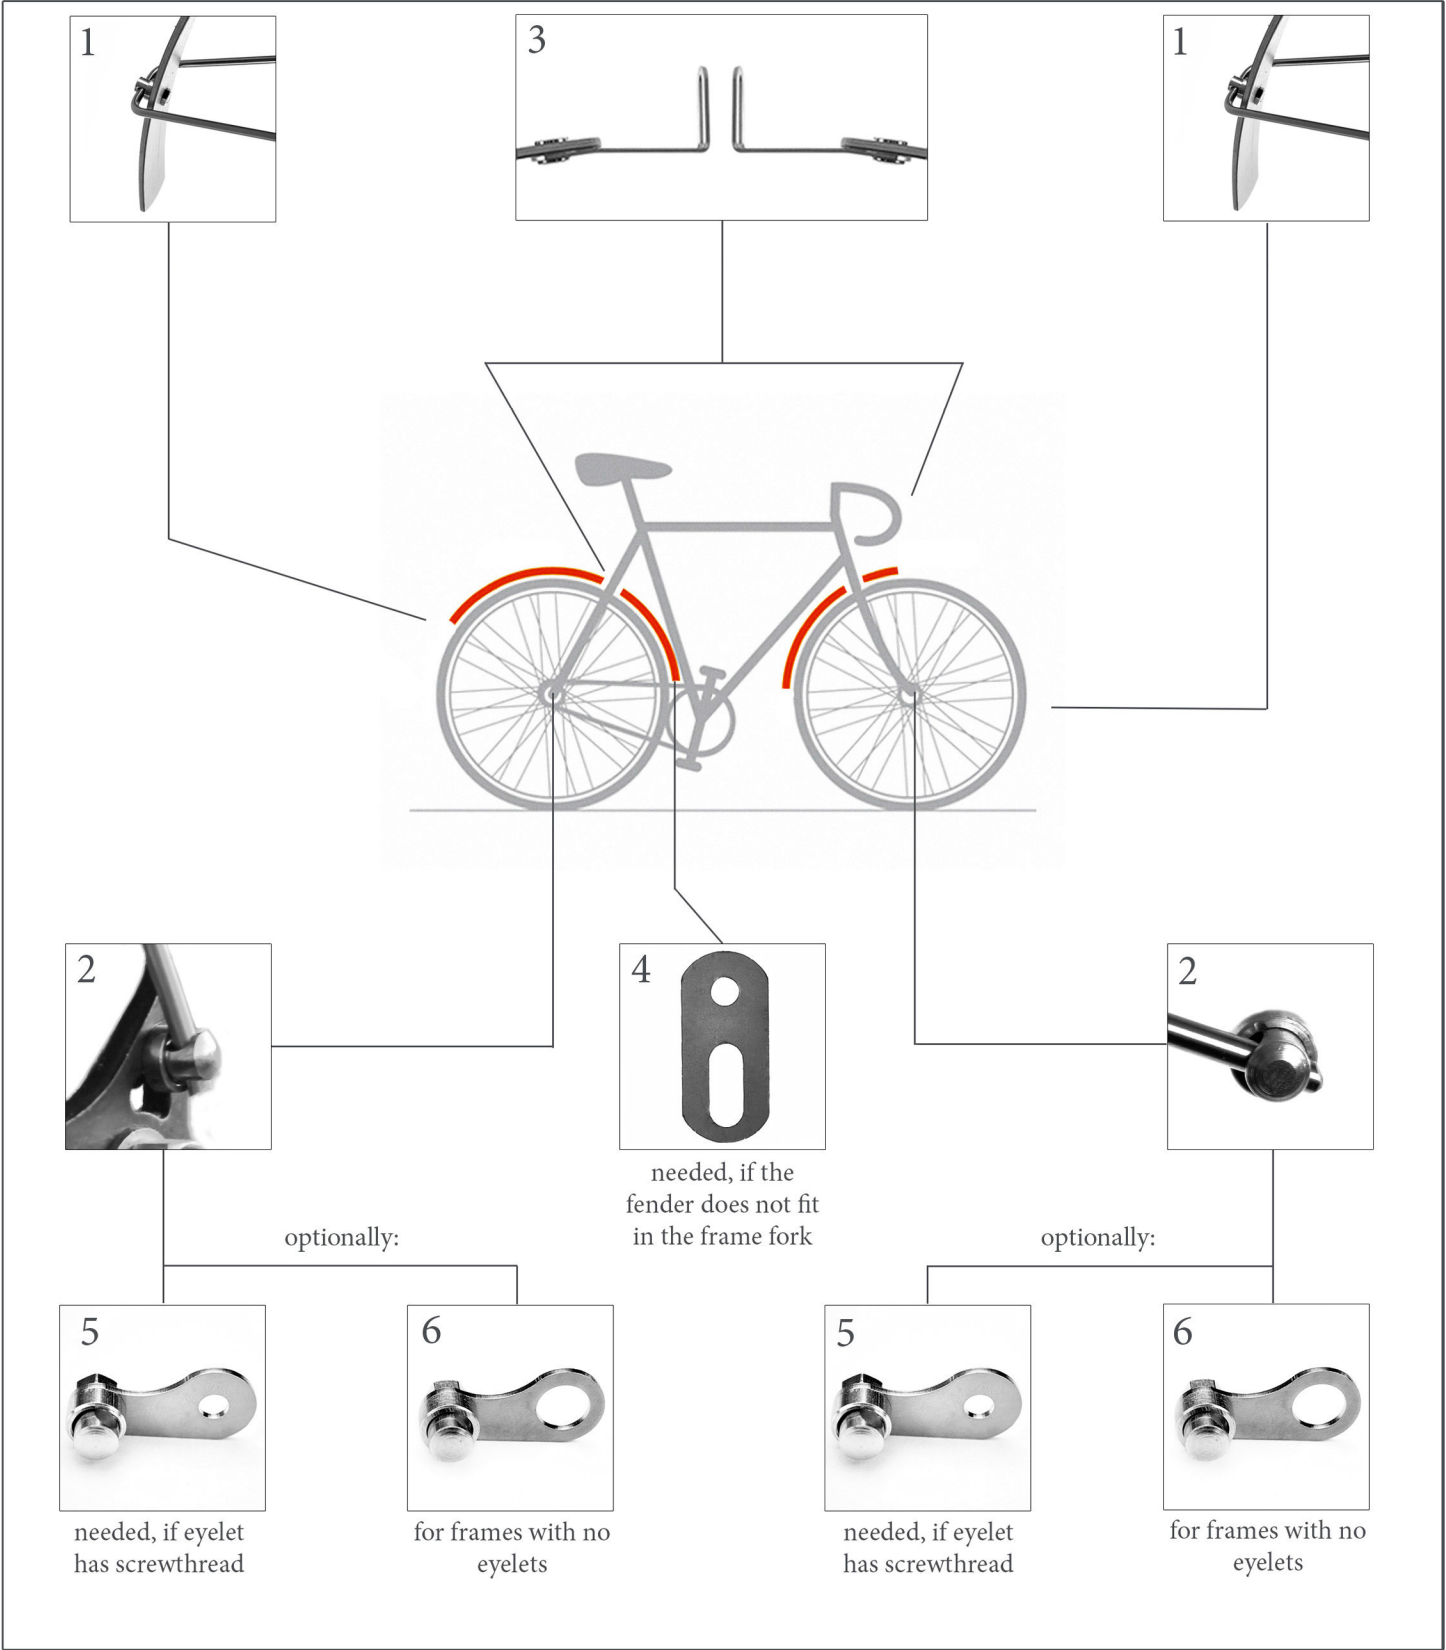

Solutions (nr.) 5 (6) - 7 (8) are included!
Please tell us, if your bike has eyelets or not!

also available with high-end parts (cp. page 18)

*Use the extension adapter (nr. 4), if the
rear fender does not fit the frame fork!

Fixation: Under-Brake-Attachment
(short version)

included parts:

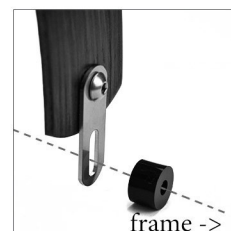

- 2x stainless steel stays (nr. 1)
 - 2x M5x10 eyelet bolts (nr. 1)
 - 4x M5x12 eyelet bolts (nr. 2)
 - 4x stainless steel under-brake-attachment bracket (nr. 3)
 - 4x chrome-plated bracket screw with sleeve (nr. 3)
 - 1x stainless steel extension adapter (nr. 4)*
 - 1x stainless steel M5x10 screw for extension adapter (nr. 4)
 - 2x super slim stainless steel M5 safety nut (nr. 1)
 - 5x stainless steel M5 safety nut (nr. 2)
 - 9x stainless steel M5 washer (nr. 1, nr. 2)
 - 1x protective tube
- (Please place a small piece of the tube onto the stay ends!)

FIXATION: UNDER-BRAKE-ATTACHMENT SHORT VERSION

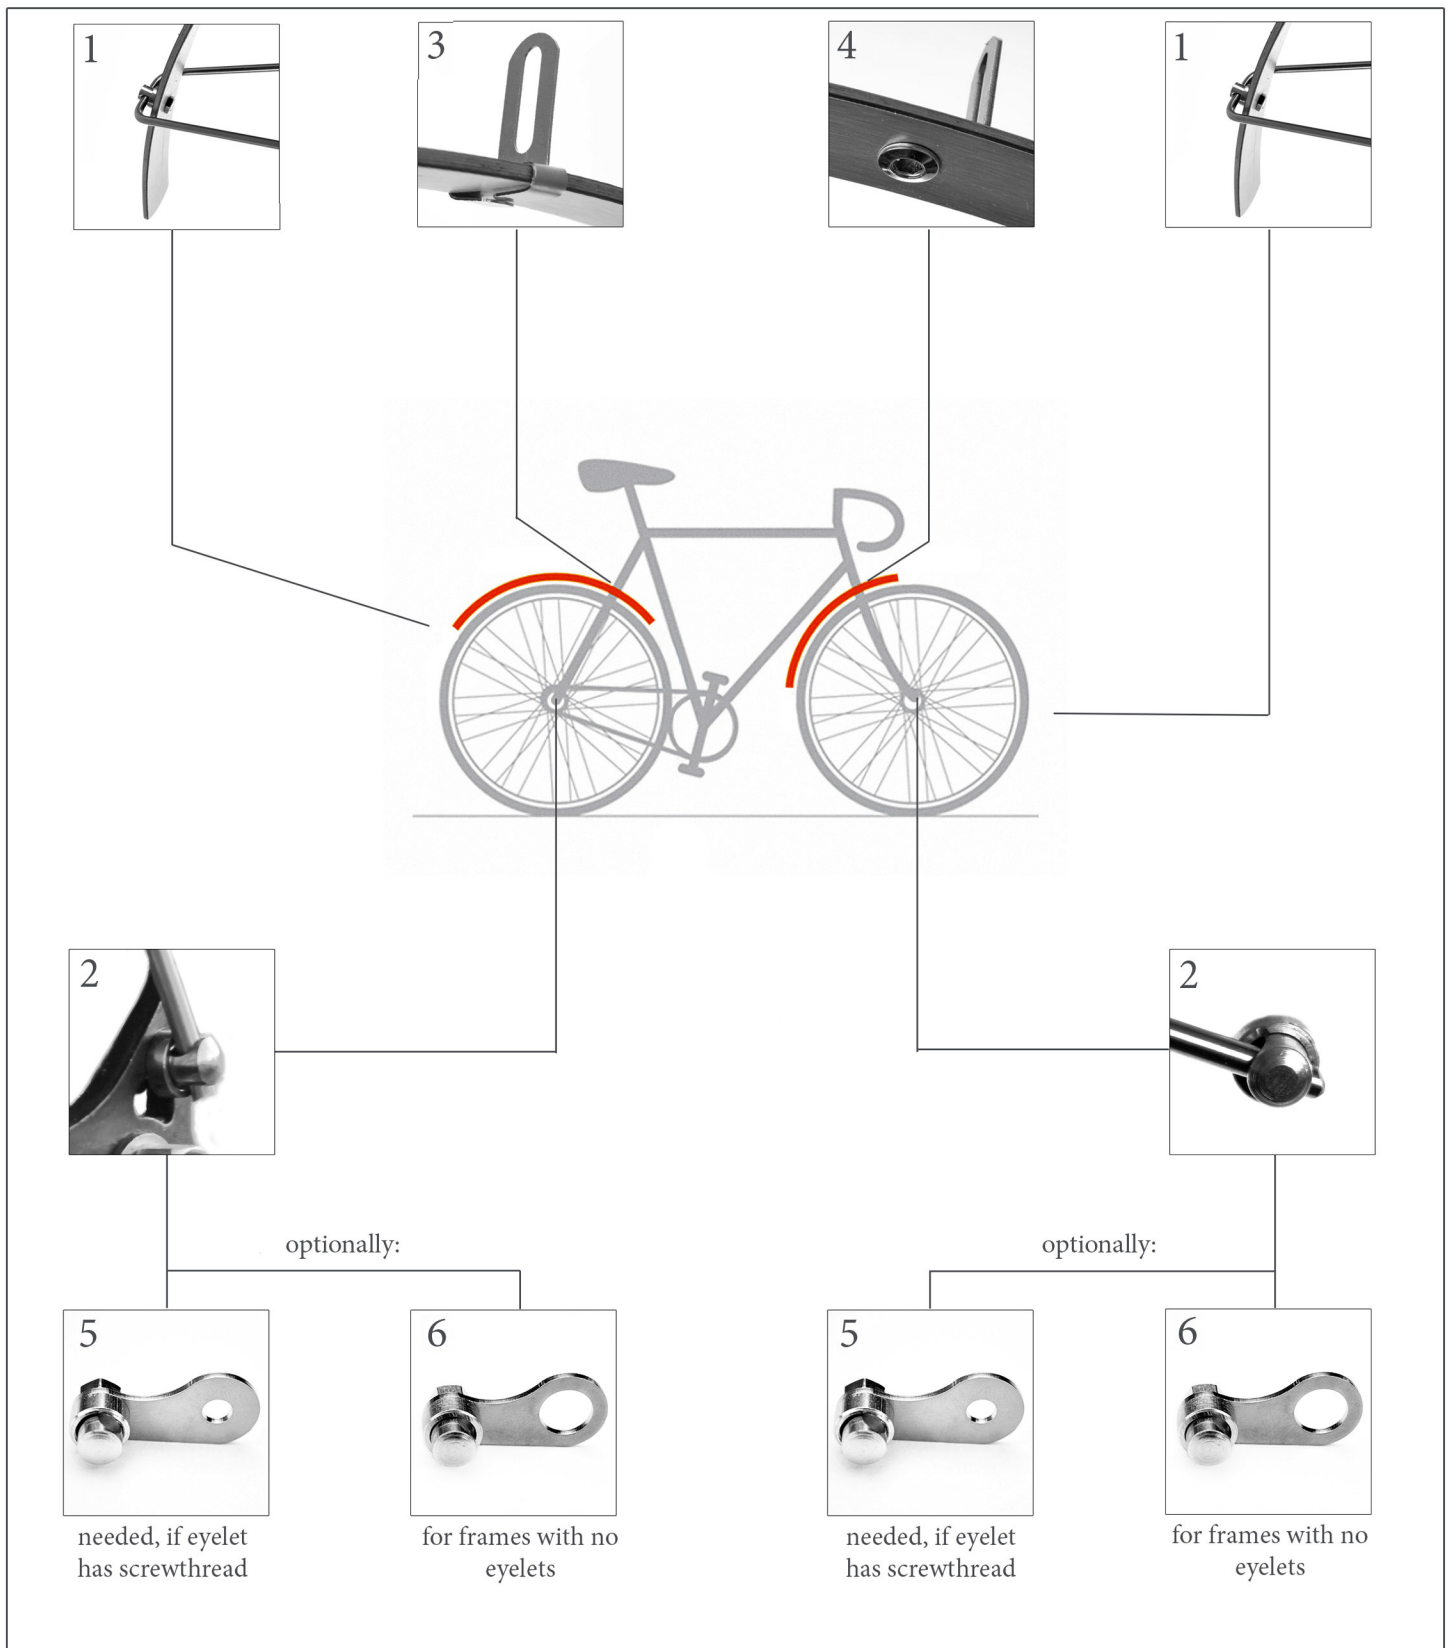

Solutions (nr.) 5 (6) are included!
Please tell us, if your bike has eyelets or not!

also available with high-end parts (cp. page 18)

*Use the extension adapter (nr. 4), if the
rear fender does not fit the frame fork!

Fixation: Sportive

included parts:

2x stainless steel stays (nr. 1)

2x M5x10 eyelet bolts (nr. 1)

4x M5x12 eyelet bolts (nr. 2)

1x stainless steel mounting adapter (nr. 3)

1x stainless steel mounting bracket (nr. 4)

1x chrome-plated bracket screw with sleeve (nr. 4)

2x super slim stainless steel M5 safety nut (nr. 1)

2x stainless steel M5 safety nut (nr. 2)

8x stainless steel M5 washer (nr. 1, nr. 2)

1x protective tube

(Please place a small piece of the tube onto the stay ends!)

FIXATION: SPORTIVE
