WOODIE MANUFAKTUR

Handcrafted bicycle fenders.

This guide provides an overview of the WOODIE product range, hardware components and technical configurations.

It serves as a reference for product selection, compatibility, installation and future service.

Original WOODIE components are complemented by selected high-quality standard hardware where appropriate.

Every product is assembled, inspected and finished by hand at the WOODIE workshop.

WOODIE MANUFAKTUR

Handcrafted bicycle fenders.

Designed to become part of the bicycle.

Every WOODIE set is developed, manufactured and finished by hand.

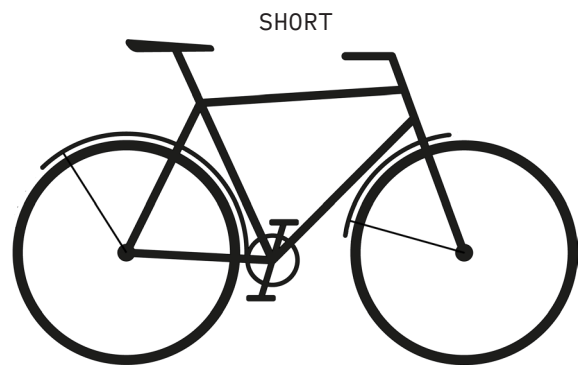

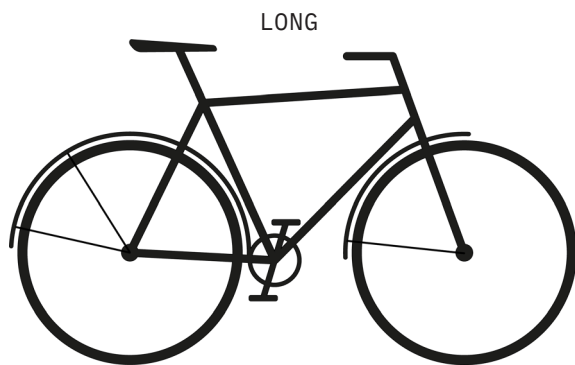

Natural materials, carefully machined metal components and timeless design make WOODIE fenders an integral part of the bicycle's appearance.

HARDWARE COMPONENTS

2 / 3

SC-B

chrome-plated bracket screw with sleeve

AF-101-S/H

stainless steel eyelet adapter
incl. standard eyelet bolts / high-end eyelet bolts

AF-102-S/H

stainless steel axle adapter
incl. standard eyelet bolts / high-end eyelet bolts

AF-201-S/H

stainless steel eyelet adapter
incl. standard eyelet bolts / high-end eyelet bolts

AF-202-S/H

stainless steel axle adapter
incl. standard eyelet bolts / high-end eyelet bolts

SP-10

spacer 10mm

A-XT02

stainless steel extension adapter
(for screw SC-B)

ST-26/30/35/40/45/50/55/60

stainless steel stays
(available sizes: 26-60mm)

HARDWARE COMPONENTS

3 / 3

EZ-08/10/12

zink-plated M5 eyelet bolts
(available sizes: 8, 10, 12 mm)

SC-8/10/12

stainless steel M5 screw
(available sizes: 8, 10, 12 mm)

WL-01

leather washer
incl. standard eyelet bolts / high-end eyelet bolts

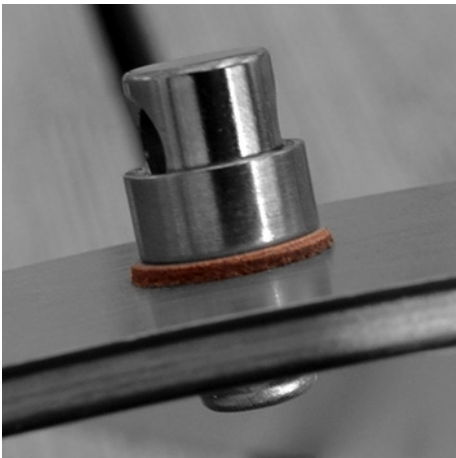

NS-01

stainless steel M5 safety nut

WS-01

stainless steel M5 washer

EH-8/10/12

high-end eyelet bolt
(available sizes: 8, 10, 12 mm)
